ALLOCATED TO	3 JUN 2013	17 JUN 2013	BR1 255.
	REFERRED TO		29th. May, 2013.

Dear Sirs,

I am dismayed to learn that Exeter College is applying to build a large accommodation block which would over-shadow the outstanding garden of Worcester College.

As the garden is open to the public on a regular basis it is a wonderful amenity for Oxford residents and visitors to Oxford, as well as the college.

I have visited the garden a number of times, and once took American friends who were very impressed by it. The garden ought to be cherished like Oxford's other great treasures.

There is abundant wildlife in the garden, attracted by its many large mature trees and large lake. On one visit I saw a pipistrelle bat in broad daylight. It would be a crime to mar this large pocket of wildlife habitat in the city centre.

Yours faithfully,

F.A. Hollingsworth (Miss)
