SHAPING OXFORD'S FUTURE

13/00832/FUL | Redevelopment of existing student accommodation and teaching site comprising the demolition of all buildings, with exception of the 1913 Ruskin College facade to Walton Street and Worcester Place, and erection of 90 student study rooms, 3 Fellows/Staff residential rooms, teaching facilities, library archive social space, landscaping and associated works. | Former Ruskin College Site Walton Street Oxford Oxfordshire

We wish to make the following comments on the above application for planning consent:

We have no objections to this proposal, but would comment that we have been unable to determine readily details of the intended colour and texture of the stainless steel tiling which comprises the cladding to many of the elements of the buildings which will be visible from the public realm. We would request that this be clarified, and that the opportunity should be provided for public consultation on proposals.
